Business CharterExcel Helicopter charter offers a safe, cost effective and highly convenient point to point travel option.

We are all travelling further and more frequently, time spent in traffic is frustrating and unproductive, chartering a helicopter is less expensive per passenger mile than is imagined.

Business Helicopter CharterExcel Charter can arrange landing sites close to your departure and destination, with simple boarding procedures and uninterrupted straight line flight you can arrive on time and unstressed. Helicopter charter flights can be arranged as single trips or several flights enabling two or three meetings across the country whilst still returning home in the evening. Our experienced operations team can organise the helicopter charter to suit your itinerary.
